

**North American Trailer  
Service Special  
October/November/December**

Preventative Maintenance Periodic Inspection and Utah  
State Inspection  
\$97.50

This inspection includes a full service on the suspension and the landing legs. If additional repairs are needed the customer will be notified before any repairs are completed.

All repairs will be in addition to the \$97.50 inspection charge.

PM services are recommended at 30, 60, and 90 days based on the customers' needs. Completed inspection check list records are kept on file at North American and copies are supplied to the customer for their company records.
